

Studying Oxfordshire History

Summary Guide to Bodleian Library MS Top. Oxon Julian Munby, 2016

The Bodleian Library used the shelf-mark MS Top. Oxon for Oxfordshire topographical manuscripts catalogued between 1884 and c.1998. Many manuscripts with important Oxfordshire-related material are to be found elsewhere in the Bodleian¹, but MS Top. Oxon is the principal collection of county papers formed prior to the formation of the Oxfordshire County Record Office in 1935, and MS Top. Berks fulfils the same role for the area of North Berkshire transferred to Oxfordshire in 1974. Both collections continued to grow after the creation of local record offices.

This guide was compiled by Julian Munby and edited by Malcolm Graham with the help of Mike Webb, Curator of Early Modern Archives and Manuscripts at the Bodleian. It introduces the chief contents of MS Top. Oxon, a vital resource for local historians, and seeks to encourage further exploration through the Bodleian's manuscript catalogues, all of which are now available online by following the link to this general Libguide:

<http://ox.libguides.com/content.php?pid=162584&sid=1423819>

This Libguide lists the finding aids available in the library, and indicates their relationship to one another. Each heading links to further details about the catalogue, with links to the online versions, all searchable PDFs except the index to post-1975 accessions which (being an index) is images only and can't be searched.

The Libguide also links via blue tabs at the top of the page to others which will be of relevance to local historians, particularly the 'Charters, Rolls & Seals' tab, and the 'Oxford' tab. The latter links to the online version of the Spokes Catalogue described below, and also refers to the hugely important Oxford City, University and County, Berks & Bucks Views card index which is housed in the Bodleian's Duke Humfrey Library.

MS Top. Oxon is listed in three different published manuscript catalogues (fully indexed), and the shelf-mark number sequences in each of the catalogues are as follows: N.B. SC (Summary Catalogue) numbers, listed in the guide below, provide swift access to entries in the two Summary Catalogues; for the Spokes Catalogue, you must use shelf-marks.

Summary Catalogue of Western Manuscripts (7 volumes in 8) (covering acquisitions to 1915; index in Vol. 7) **SC1-37299**

MS Top. Oxon a.1-18, b.1-81, c.1-210, d.1-277, e.1-157, f.1-33

¹ A valuable guide to Oxford material in older collections is Falconer Madan, *Rough List of Manuscript Materials Relating to the History of Oxford Contained in Printed Catalogues of the Bodleian and College Libraries* (1887), arranged somewhat like the present list and available online:

<http://dbooks.bodleian.ox.ac.uk/books/PDFs/N12438534.pdf>

Spokes Catalogue: (P.S. Spokes, *Summary Catalogue of the topographical manuscripts in the Bodleian Library relating to the City County and University of Oxford* (1964), (covering acquisitions 1916-1962; includes appendices listing the important Salter, Bertie, Minn and Morrell collections) **SP**

MS Top. Oxon a.19-70, b.82-252, c.211-520, d.143-513, e.142-381, f.34-61

'New' Summary Catalogue (3 volumes) (acquisitions 1962-1975) **SC37300-55936**

MS Top. Oxon a.71-87, b.253-296, c.521-782, d.484-989, e.382-634, f.62-102, g.18-21

Index to post-1975 acquisitions. Access is now through online images of the cards, available at <http://viewer.bodleian.ox.ac.uk/western/index.php?> You will see that the cards are filmed in (rather large) clumps so it takes some trial and error to home in on the right card. The easiest way to do this is to alter the image number in the box and press return.

Reader Access to the Bodleian Library. MS Top. Oxon material is consulted in the Weston Library, the former New Bodleian. No charge is made for accessing manuscript material there, but intending users who are not graduates of the University of Oxford need to complete an Admissions Form in order to get a Reader's Card. For detailed information, see <http://www.bodleian.ox.ac.uk/using/getting-a-readers-card/procedure>
